To Whom It May Concern:

Re: Sawmill Banquet & Catering Centre

Over the years we have had the pleasure of using the services of the Sawmill Banquet & Catering Centre on many occasions, for events ranging from grand store openings with upwards of 1,000 guests to smaller, more private functions. We have always enjoyed a most satisfactory relationship with the Sawmill.

I have always been impressed with the customer service that is offered by their company and the exceptional talent and abilities of their staff. It seems that there is an extra emphasis on quality, creativity, presentation, flavor and customer service within Tom Goodchild's organization and it's working.

In my experience, Sawmill Banquet & Catering Centre is an excellent caterer and has always been totally reliable and eager to accommodate. Their attentiveness toward our requirements and the efficiency they display in carrying out this operation always results in the delivery of a first class product. The Sawmill is a leader in their industry and I would highly recommend them for your catering needs.

Sincerely,

Bill Comrie
